Rat 1

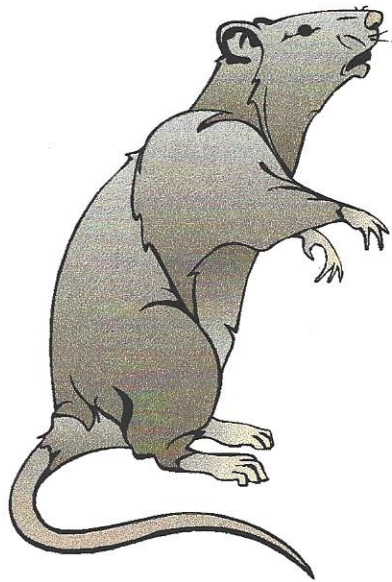

Left at the Light, see
As you become short
A wildflower left you'll be
Stop at the light if you must resort
South down the street is the way you must go
It's just the beginning, don't let your fears show
1.7 then u-turn at the West Gate
Find the Central Agora, it is your fate
You are a rat in maze
Determine the route, it shouldn't take days
This shopping list you must follow
And buy these items for you to swallow:

1 Granny Smith Apple
4 bananas
1 bottle of wine
1 box Ak Mak crackers
Goat cheese

Rat 2

Time to get out of this lot
Past 290 and/or Ben White
Head north to find the spot
At 2.8 there's not a light
Left off the boulevard, be careful don't blunder
Park in the lot behind the cloud of thunder

Are You in Search of Something?

Is Your Quest in Vain?

Do you feel like a **rat** on a sinking ship?

Under an arch the trail
To find the marker which

On the trail you stroll
Which is your goal

Rat 3

Time to get back to the Mar
Northerly bound is where you will head
Only half a mile more in the car
If you go too far, you'll be misled
To me you turn left at the Shlock
And drive .3 down the block
The spot that you seek is tucked out of sight
Past a portal that reads House of Light

Rat 4

West ahead it's a sterling street
Where Bart's on the spring
A left is a daring feat
Once you've done that this will bring
An easier left at a familiar route
Driving a mile will take you along
To a left at the 6 you will scoot
A quick watery right you break out in song
For backing on this please ask for Spot
Sing it through before you stop

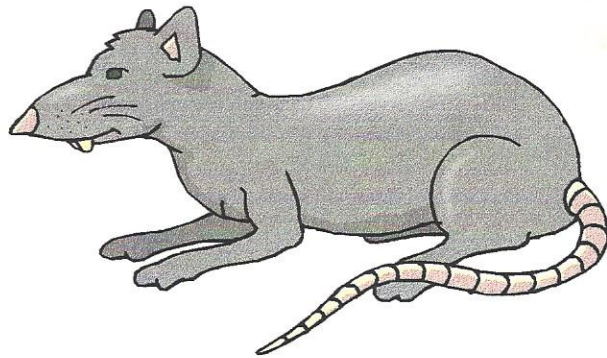

Rat 5

Allez au nord sur le boulevard
Prends la droite après un kilometre et demi
Tu arriveras a l'endroit qui est familair
Prends l'endroit et pais a gauche pour stationner la bagnole

Rat 6

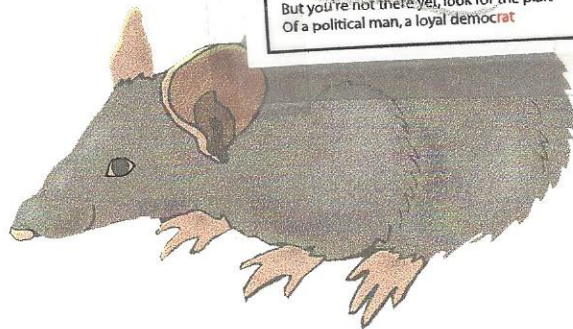

Back to English and up the street
.6 of a mile you come to a big light
Left on the main drag, drive 5280 feet
At 29th, take the right
Spock's store is not very far
Park in the lot, get out of your car

Rat 7

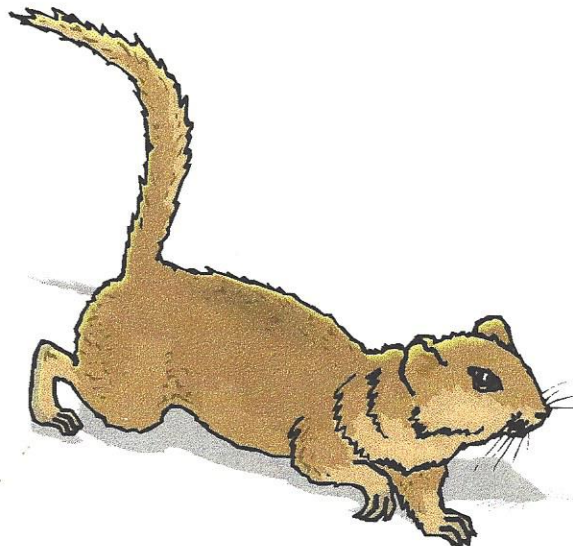

Now it's time to go back into the heat
Drive south for a while and soon you'll see
It's Dean Keeton now, was 26th Street
Take the left, as it's all you can be
To the big highway you travel
Merge into traffic, it's hard I know
Take the 8th St. exit before you unravel
Left at 7th, to Navasota you go
Make the turn, and soon you'll see
Many a hero, you'll not pay a fee

In this place of the dead, the search is daunting
Wandering through, the spirits are haunting
Down the highway south and west
Find a man who is laid to rest
Search in reverence, it's hallowed ground
And head for the stones assembled in round
But you're not there yet, look for the plait
Of a political man, a loyal democrat

Rat 8

Now to the seven again you hasten
Up through the east to the One Eight and Three is fashionable
Confederate direction merge you'll be facin'
Seven and One towards rhymes with irrational
A terminal sight you pass by
21 miles more from this marker
Away down the highway you fly
Don't give up hope, unless it gets darker
Over a creek and past the 20
If your looking for nothing on this road there's a lot
There for a time the driving is plenty
To the town that sounds like 'cash crop'
After the 'Limit' a left at the Shell
Loop one and fifty eastern you thrive
Over a bridge and there's more to tell
A right after bargains an alley you drive
Between blocks of stone and a Windmill you park
A historical clue will maintain your mark

Rat 9

The seven and one is calling your name
In the direction that is where you did travel
The distance is longer but keep your eyes trained
Stay on the road keep off of the gravel
Pecans, pecans, pecans, oh my
The humans around here are nutty
Soon some smiling water in the sky
Looks down like some giant buddy
Close to the city the exits will come
Stay away from the road to the business
It's the Seven and Seven that'll make your heart run
Exit right, stop, then right, don't be restless
Down the hill, then cross the rail
"Be correct" at the Colorado
Find the Square, you cannot fail
You're near the end of this day's bravado
