

Around the towers you will find
a slot that serves you well
That looks in the direction
of the Tour Philip le Bel.

Elise will be expecting you,
she's standing in for **Eddie**.
The red-nosed man at **9 Gen. de Gau**
guards where your clue is ready.

There's nothing going there now,
there won't be until dark
But you won't have to wait 'til then,
outside you'll find your mark

A collection box of Renoir's art is
found inside the store
Inside the one that's meant for you is
what you're looking for.

Inside the dazzling light display,
you'll go up in the back.
Where Renoirs dance upon the wall,
the clue is in a crack.

Hotel Concorde is next for you,
it's where you're going to stay.
On **Boulevard du Roi René**,
you're done now for today!

To find what you are seeking
you must search among the shelves,
You don't have to speak in French here,
they talk somewhat like yourselves.

The painting is recovered!
Turn it over and you'll view
Where the celebration's waiting
at the grand Chateau Bijou!
