

Song 1 to tune of "I Wanna Be Sedated"

Plenty plenty plenty more miles to go
I wanna be in Mordor
So many orcs, nowhere to go-oooo
I wanna be in Mordor
Just put me on a footpath, put me on a boat
Hurry hurry hurry, those hobbits cannot float
I can't fight all the goblins, I can't fight all the ghosts
Oh no no no no nooo
Plenty plenty plenty more miles to go
I shoulda stayed in Gondor
So many orcs, nowhere to go-oooo
I shoulda stayed in Gondor
Just put me on a footpath, put me on a boat
Hurry hurry hurry, those hobbits cannot float
I can't fight all the goblins, I don't like all the ghosts
On no no no no nooooooooooooo
Plenty plenty plenty more miles to go
I wanna be in Mordor
So many orcs, nowhere to go-oooo
I wanna be in Mordor
Just put me on a footpath, put me on a boat
Hurry hurry hurry, those hobbits cannot float
I can't fight all the goblins, I can't fight all the ghosts
Oh no no no no nooo

Song 2 – to tune of Road to Nowhere by Talking Heads

Well, we know where we're going
But we won't say where we've been
And we know what we're knowing
But we can't say what we've seen
And we're not little children,
You might think that, but we're not
And the future's not certain
But a hobbit can work it out

We're on the road to Mordor, to go inside
We're on the road to Mordor, we'll take that ride
Feeling so scared this morning, and you know
Mordor is not a paradise, here we go, here we go

We're on a ride to Mordor, to go inside
Taking that ride to Mordor, we'll take that ride
Maybe you think I have the ring - I don't care
Here is where Sam is at my side; take me there, take me there

Song 3 – to tune of I Wanna Hold Your Hand

Oh yea I'll tell you something

I think you'll understand

When I say this one thing

It's time to take a stand

To Mordor that's the plan

To Mordor that's the plan

So please look at me

We have to act real brave

Cuz we go to Mordor

Our Middle Earth to save!

To Mordor we must go-oh-ooohhh

To Mordor we must go

And when I tell you I feel frightened inside

It's such a feeling that my fear, I can't hide!

I can't hide, I can't hide!

Yea you got that something

The ring is in your hand

When I say this one thing

It's time to take a stand!

To Mordor that's the plan

To Mordor that's the plan

Song 4 – to tune of Beatles' Help!

Help! I need a wizard

Help! Not just any wizard

Help! You know I need a wizard

Help!

When I first set out, first set out before today

I never needed anybody's help in any way

But now those days are gone, I'm now in Sauron's eye

And now I need you like a man who knows he's gonna die

Help me if you can I'm on a quest

And I would appreciate a little rest

I could use a wizard who's the best

Won't you please, please help me?!

And now my life has changed in oh so many ways

My fellowship has seemed to vanish in the haze

But every now and then I feel so insecure

I know that I just need a wizard like I've never done before

Help me if you can I'm on a quest

And I would appreciate a little rest

I could use a wizard who's the best

Won't you please, please help me?!

Song #5 to Puddle of Mudd's "She Hates Me"

Met a girl, from the Rohan
Fell in love, thought of a plan
Went well for a month or two
Gandalf came, then I was screwed

Laid a trap with Saruman
Thought I'd get both the girl and the land
Then she started to realize – I was feeding her king lies
She freaking hates me! She freaking hates me! La la la la
I tried too hard and she tore my plans up like I had none
And ripped them away

She was calm for about an hour
After that, she got sour
I ruined all she ever had
No guilt from me, so she got mad
Laid a trap, her country shot
Tried to hide I was the one at fault
Then she started to realize – I was feeding her king lies
She freaking hates me! She freaking hates me! La la la la
I tried too hard and she tore my plans up like I had none
And ripped them away

That's my story, as you see
Learned my lesson, I'm not sleazy
Now it's over, cuz I'm bad
And I'm a fool for all I've said

She freaking hates me!
She freaking hates me! La la la la
I tried too hard and she tore my plans up like I had none
And ripped them away
La la la la la la la

Song 6 – to tune of “I Want Money”

The best things in life are free

But you can give them to the elves and trees

I want Precious

That’s what I want

I want Pre-eh-eh-ecious

That’s what I want

Your treasure gives me such a thrill

But for Precious I would kill

I want Precious

That’s what I want

I want Pre-eh-eh-ecious

That’s what I want

Gold rings won’t give everything it’s true

But what they can’t give I can’t use

I want Precious

That’s what I want

I want Pre-eh-eh-ecious

That’s what I want

Song 7 – to tune of “Shop Around”

When I became of age my wizard called me to his side
He said son you have a ring now, pretty soon you'll need to hide
And then he said: Just because you've become a tight band now
There's still some things that you don't understand now
Before you try to walk into Mordor
Keep your freedom 'til you know what you're in for
My wizard told me, you better have a plan
Whoa yea you better have a plan

There's some things that we want you to know now
Just as sure as the eye's gonna know now
The orcs will come and the orcs are gonna go now
Before you try to give them the death blow now
My wizard told me, you better have a plan
Oh yea you better have a plan

You better get yourself a Gollum son
Don't be sure it's gonna be fun
Ringwraiths are a dime a dozen
Try to stay away or they'll stab you with poison
Before you take the ring and say I do now
Make sure that your aim is true now
My wizard told me, you better have a plan

Song 8 – to tune of “Gilligan’s Island”

Just sit right back and you’ll hear a tale

A tale of a fateful ring

That started many years ago

About which we will sing

The elf was a skillful archer man

The hobbit brave and best

Nine warriors set foot that day

For a three week quest

(A three week quest)

The campaign started getting rough

The tiny band was tossed

If not for the magic of their wizard friend

They would have gotten lost

(They would have gotten lost)

The quest did end on the edge of this precipice of doom

With Aragorn

And Frodo too

The white wizard and the elf

Three more hobbits

And Gimli

Here in our Middle Earth!

Song #9 – to tune of Ring of Fire

Evil is a burning thing
And it made a precious ring
Forged by one desire
Must destroy in a lake of fire

Must destroy in a burning lake of fire
Going down Mount Doom and the flames get higher
We must burn burn burn
This ring in fire, this ring in fire

Must destroy in a burning lake of fire
Going down Mount Doom and the flames get higher
We must burn burn burn
This ring in fire, this ring in fire

The fate of all the land
Is in our hobbit hands
We fell for it, though it's wrong
Oh, but the power is strong

Must destroy in a burning lake of fire
Going down Mount Doom and the flames get higher
We must burn burn burn
This ring in fire, this ring in fire

Must destroy in a burning lake of fire
Going down Mount Doom and the flames get higher
We must burn burn burn
This ring in fire, this ring in fire
