

In this place of **Light** you're sure to find
Artists mingling of a competitive kind,
The left corner of **Le Bonheur** will give you a
start,
If you watch the walls for your art.

Luxe, calme et volupté,
Au port de Vauban vous êtes invités

In a gift shop posters are sold
Where you could be careful and bold,
But first head Dizzy to a monastery,
To your resting place in a cemetery

The label you search for is one of your arts,
In your bag's book pasted together as a sum of
its parts,
Next to Chauds les Pains is J.J. Bertou's winery,
Find it by plucking your newest finery.

Head to a place that's Aix-cellent
It's west on A8 that you're now sent,
The second exit after the Pont de L'Arc
At the Hotel Le Concorde you'll board and

At twenty of the merchant's street,
Monsieur Mouret you're sure to greet,
Find that which did inspire,
What's off to you, but please inquire.

Water, water everywhere,
But where's a drop to drink?
Near sushi planetary fare,
Stands a marble sink.

When all in place the masterpiece is found
And now your life's work is crowned,
Follow the arrows on the map that suggest
The place where you're an honored guest
