

To some a day is a cycle of time  
For others it is a wave  
Either way it always repeats  
From the cradle to the grave

The news is different from day to day  
Yet it always seems the same  
The colonists knew this from olden times  
That is the name of the game

Extra! Extra! Read all about it  
Before newspapers are gone  
The name you seek is above the fold  
Delivered by bike at dawn

No clock is visible at this place  
At least in the public's view  
Nonetheless it's a sign of the Times  
To where you must take your crew

It's easier  
than you  
think!
