

STRANGERS ON A TRAIN

Sung to the tune of

"TRAIN KEPT A ROLLING ALL NIGHT LONG"

*Labor Day
I played a game
It drove me crazy
I'll never be the same*

*Well, it's a pity
In L.A. City
We're driven down that long freeway
In the heat
And the smog
But we just couldn't make that call*

*I said Rally kept a rollin all night long
Rally kept a rollin all night long
Rally kept a rollin all night long
Rally kept a rollin all night long
In the heat
And the smog
But we just couldn't make that call*

*Labor Day
We came to play
We'll never give up
To the end we'll stay*

*Well, it's a pity
We'll never quity
Forever on that long freeway
In the heat
And the smog
But we just couldn't make that call*

*I said Rally kept a rollin all night long
Rally kept a rollin all night long
Rally kept a rollin all night long
Rally kept a rollin all night long
In the heat
And the smog
But we just couldn't make that call*
